Description

The Coaxial Dynamics series of High-Power Panel Mount Meters are designed to measure RF power in 50-Ohm 1-5/8" to 6-1/8" coaxial transmission lines.

Several different models are available with either 5/10/25 scales or 15/30/60 scales. The Panel Meter can be installed up to 200-feet from the Line Section with the permanently attached DC cables (10-foot normally supplied).

Your confidence in the quality and dependability of these Panel Meters is assured with the Coaxial Dynamics Two Year Limited Warranty.

Available Average Reading Models

Model 81004-A

19" Panel with single meter (5/10/25 scale) and FWD/RFL switch for use with Dual Socket Line Sections.

Model 81005-A

19" Panel with dual meters (5/10/25 scale) for use with Dual Socket Line Sections.

Model 81007-A

19" Panel with dual meters (5/10/25 scale) and 2P5T switch for use with Dual Socket Line Sections. Housing with mounting feet monitors up to five transmitters with additional cables.

Model 81007-B

Panel mount version of 81007-A.

Model 81008-A

19" Panel with single meter (5/10/25 scale) for use with Single Socket Line Sections.

Model 81014-A

19" Panel with single meter (15/30/60 scale) and FWD/RFL switch for use with Dual Socket Line Sections.

Model 81015-A

19" Panel with dual meters (15/30/60 scale) for use with Dual Socket Line Sections.

Model 81016-A

19" Panel with single meter (15/30/60 scale) for use with Single Socket Line Sections.

Model 81018-A

19" Panel with dual meters (5/10/25 scale) and dual FWD/RFL switches for use with two Dual Socket Line Sections.

Available Peak/Average Reading Models

Model 83010

19" Panel with single meter (5/10/25 scale) for use with Single Socket Line Sections.

Model 83011

19" Panel with single meter (5/10/25 scale) and FWD/RFL switch for use with Dual Socket Line Sections.

Model 83015

19" Panel with single meter (15/30/60 scale) for use with Single Socket Line Sections.

Model 83016

19" Panel with single meter (15/30/60 scale) and FWD/RFL switch for use with Dual Socket Line Sections.

[Model 83552](#)

19" Panel with Digital Display (LCD readout) for use with Dual Socket Line Sections.
